# Three Generations of Lincoln

**Lincoln's Grandfather, Grandmother  
and Their Family**

**Lincoln's Father and Mother**

**Lincoln, His Wife and Two Sons**

## **THE LINCOLN SENTIMENT**

It was the Lincoln sentiment that made the United States a unit, in place of many scattered nations.

¶ Lincoln sentiment represents American spirit.

¶ This spirit saved America and will eventually dominate the world.

¶ This is the spirit portrayed so forcefully in the Benjamin Chapin Cycle of Lincoln Photo-plays:

¶ IT IS WORTH WHILE.

## **THE LINCOLN CYCLE**

Is a succession of multiple-reel features of individuality, independent in appeal, yet each fitting into the unity of the whole.

¶ Each feature, complete in itself, centers around strong, dramatic moments in the life of the great President.

¶ The productions are under the guiding inspiration of the most noted exponent of Lincoln, Benjamin Chapin who plays the part of Lincoln in the Cycle.

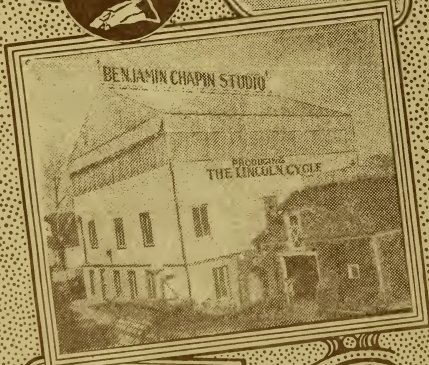

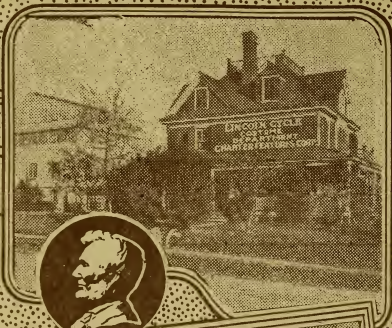

## **APPEAL UNIVERSAL**

The subject is universally attractive. Hundreds of unsolicited letters have come to us from exhibitors, individuals and associations commending us on the project upon which we have embarked.

¶ The Benjamin Chapin Cycle in its entirety gives the truest idea of Abraham Lincoln.

¶ He rose to the highest pinnacle, through a life of adventure, romance, comedy and pathos.
